TRADITION

Hestra's first glove was designed in 1936 in Hestra, Sweden by Martin Magnusson. They were created for lumberjacks who needed warm, durable gloves for tough winter conditions. When skiers began to visit Hestra, Magnusson realized they could also benefit from sturdy, warm leather gloves and in the winter of 1941, Hestra's first ski glove was created.

78 years later, Hestra still makes durable, warm leather ski gloves and the Magnusson family still operates the company in Hestra, Sweden. Today Hestra makes gloves for skiers, snowboarders, cross country skiers, juniors, racers, mountaineers, and classic gloves for everyday use. Hestra's commitment to quality and tradition is what sets it apart from the rest.

RESEARCH & DEVELOPMENT

At Hestra finding the right balance between durability, warmth, moisture-resistance and flexibility is extremely important. To do this, we work with pro athletes and outdoor enthusiasts who place the highest demands on their equipment.

In 2012 Hestra athlete, Jeremy McGhee completed his climb and descent of Bloody Couloir in California, making him the first paraplegic to climb and ski a major backcountry route on his own power. "Every year my friends climb and ski that route and I felt left behind. I wanted to be adventuring in the backcountry with them and became obsessed with finding a way. Equipment was crucial on this trip as we were in a remote area and exposure could prove deadly."

Jeremy chose Hestra gloves for the performance they provided on his toughest adventure yet; Hestra chooses Jeremy to put our gloves to the test in the toughest conditions and we're proud to be a part of his adventures.

Jeremy McGhee

4TH GENERATION

The fourth generation of Magnusson's have now joined their family company. Current owners, Svante and Claes both have two sons. They are managing their great-grandfather's inheritance in different ways, an inheritance that involves workmanship, tradition, and quality. They also have an eye on the future to continually progress the company and its designs forward.

MARKET SUPPORT

Hestra advertises in nationally-renowned industry publications, including *Outside*, *Powder*, *Freeskier*, *Snowboard*, and *Epic Life*. For the 2013-14 season Hestra gloves won Freeskier Editor's Pick and received Buyer's Guide selections in *Outside*, *SKI*, *Skiing*, *Freeskier*, *Snowboard*, *Men's Journal* and *Mountain Magazine*. Hestra is also an official partner of the National Ski Patrol and the Professional Ski Instructors of America/American Association of Snowboard Instructors.

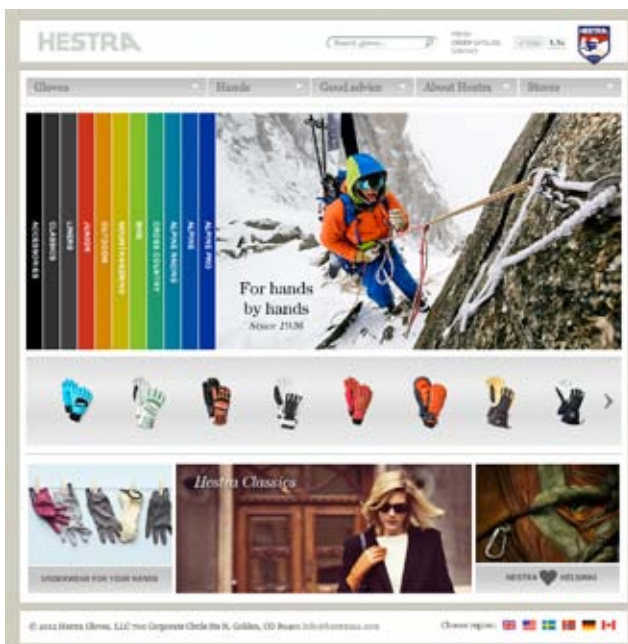

HESTRAGLOVES.COM

Consumers visiting the Hestra USA corporate website can view the entire collection and purchase securely online. The participating Hestra retailer then processes the order through shopatron – increasing sell-through and profitability.

STORE FIXTURES

Hestra's point of purchase displays are designed to maximize sell-through. They display the brand prominently in the store and on the wall. There are multiple options to choose from to suit every shop's specific display needs. Contact your rep to see all of our P.O.P. display options.

SOCIAL MEDIA

Find Hestra gloves on Facebook and Twitter. See what our fans are saying, follow updates on our athletes, and stay up-to-date on the latest product news and information.

GLOVE SIZE CHART

Hestra's sizing is more precise than traditional U.S. glove sizing. It runs by a numerical European standard, which is paramount to ensuring the right fit. Utilize Hestra's size chart as a starting point in determining your size.

109 PARTS

There is meticulous detail in every glove that Hestra makes. For example, it takes 109 parts, 46 manufacturing steps, 18 quality checkpoints, and a total of 1.5 hours to produce a single pair of our best-selling product, the army leather heli glove. With these strict quality standards, we can ensure that every glove with the Hestra logo is above the industry standard. We strive for excellence in every pair of gloves; put some to the test to discover the Hestra difference.

GLOVE FEATURES:

EAGLE GRIP®: PRE-CURVED FINGER DESIGN FOR A NATURAL FIT ON THE HAND

ERGO GRIP®: VARYING LEVELS OF PRE-CURVED FINGER CONSTRUCTION FOR OPTIMAL GRIP AND FIT

FINGER STALLS: STALLS SEPARATING THE FINGERS INSIDE MITTS

HESTRA HANDCUFF: ELASTIC FABRIC CUFF TO SECURE GLOVES TO WRIST

LEATHER WELT: EXTRA WELT OF LEATHER IN THE THUMB SEAM FOR INCREASED DURABILITY

OUTSEAMS: SEAM CONSTRUCTION ON THE OUTSIDE OF GLOVES FOR ADDED COMFORT AND GRIP

REINFORCED LEATHER: DOUBLED UP LEATHER IN HIGH-ABRASION AREAS

REMOVABLE LINER: ALLOWS THE GLOVE TO DRY FASTER AND INCREASES THE LIFE OF THE GLOVES

SNAP HOOK: SMALL CARABINER USED TO ATTACH GLOVES TOGETHER

SNOW LOCK: WRIST CLOSURE TO TRAP IN HEAT AND KEEP OUT SNOW

VERTICAL CUT TECHNOLOGY: A DESIGN UTILIZED TO ENSURE THE BEST POSSIBLE FIT

WOLF PAW®: PATENTED WRAPPED FINGERTIP REINFORCEMENT DESIGN

LEATHERS:

ANILINE LEATHER: LEATHER THAT IS DYED TO RETAIN ITS NATURAL CHARACTER REQUIRING HIGHER-QUALITY RAW MATERIALS AS OPPOSED TO LEATHERS THAT ARE SURFACE-DYED

ARMY GOAT LEATHER: HIGHLY WATER-RESISTANT, DURABLE LEATHER FOR TOUGH CONDITIONS

COWHIDE: SUPPLE, DEXTEROUS, COLOR-TREATED LEATHER

ECOCUIR: COWHIDE THAT IS TANNED WITHOUT CHROMIUM OR SYNTHETIC DYES AND SATURATED WITH FAT TO INCREASE MOISTURE RESISTANCE

KANGAROO LEATHER: A HIGHLY-DURABLE LEATHER THAT CAN WITHSTAND TOUGH ABRASION AND IS MODERATELY HEAT-RESISTANT

SCANDINAVIAN ELK: A SOFT, WARM, LEATHER FROM SWEDEN USED IN OUR CLASSICS COLLECTION

TOUCHTEC® LEATHER: TOUCHSCREEN ENABLED LEATHER

TECH:

HESTRA USES TOUCHTEC LEATHER AND CONDUCTIVE FABRIC IN SELECT ALPINE MODELS AND LINER GLOVES, MAKING THE GLOVES COMPATIBLE WITH TOUCH SCREEN DEVICES.

MATERIALS:

BEMBERG: 100% POLYESTER INSULATION

CORDURA® STRETCH: WIND AND WATERPROOF NYLON FABRIC THAT PROVIDES DURABILITY AND A GOOD FIT

CZONE®: HESTRA'S OWN WATERPROOF AND BREATHABLE MEMBRANE CREATING A COMFORT ZONE FOR HANDS

ENTRANT: WIND AND WATERPROOF FABRIC WITH 3 VARIATIONS; PROTON AND TRITON DURABLE NYLON, AND SOFT POLYESTER MICRON

FLEXTRON: WIND AND WATERPROOF SOFTSHELL MATERIAL

GORE-TEX® XCR: A WATERPROOF AND BREATHABLE PTFE MEMBRANE, PROVIDING EXTENDED COMFORT

OUTDRY®: WATERPROOF AND BREATHABLE MEMBRANE BONDED DIRECTLY TO THE EXTERNAL GLOVE'S SHELL ALLOWING DEXTERITY AND CLOSE FIT

POLARTEC®: FABRIC DESIGNED TO KEEP SKIN DRY AND WARM WHEN SWEATING

PRIMALOFT®: A WATER-RESISTANT POLYESTER INSULATION THAT TRAPS IN HEAT, IS LIGHTWEIGHT AND VERY COMPRESSIBLE

SWISSWOOL®: A HIGH-QUALITY WOOL LOFT INSULATION THAT PROVIDES EXCEPTIONAL WARMTH EVEN WHEN WET. WASHABLE UP TO 140° F AND RETAINS SHAPE

THERMOLITE®: A COOLMAX® INSULATION THAT UTILIZES HOLLOW CORES, ADDING LIGHTWEIGHT WARMTH

WINDSTOPPER®: A GORE® WINDPROOF AND WATER-RESISTANT BREATHABLE STRETCH FABRIC

WOOL TERRY/WOOL PILE: A KNITTED MATERIAL WITH HIGH-LOFT NATURAL WOOL FIBERS AND LOOPS THAT TRAP IN HEAT

NOTABLE MATERIALS FEATURES:

SIGNATURE **PRO**

SIGNATURE **PRO**

Hestra collaborates with select athletes from their international team to create signature pro model designs to meet the requirements of the most aggressive skiers and riders. In this collection you'll find innovative designs, bright colors, and the most durable materials available.

JUNIOR

JUNIOR

When we design gloves in our Junior collection - for children and teens - we uphold the same high standards that we do with the adult models. Small hands need gloves that can withstand cold temperatures, stay securely on the hand, and are durable enough for all of their cold weather activities.
